Highways	759.28
Removing Snow	257.23
Outside Poor	699.74

Soldiers' and Sailors' Relief	84.05
Wheelwright Park	11.24
Cemetery	20.54
North Cohasset Post Office	2.50
E. R. A. Projects	2.74
Forest Fires	4.23
	$2,647.21

Article 8. Will the Town vote to appropriate the sum received from the County for dog licenses for schools, as required by Chapter 140, Section 172 of the General Laws?

VOTED: Unanimously, that the sum of $574.70 be appropriated for schools being sum received from the County for dog licenses as required by Chapter 140, Section 172 of the General Laws.

VOTED: That Articles 9 and 16 be taken up jointly.

Article 9. To see if the Town will appoint a Committee, consisting of the Board of Selectmen, the Town Moderator and Kendall T. Bates, to investigate the matter of Electric Lighting and Power for the use of the Town and its Inhabitants, authorize and direct said Committee to confer and collaborate with Committees or Boards of other Towns supplied with electric current from the same source as Cohasset and to report its findings and recommendations at the next Town Meeting.

Article 16. William O. Souther and others. Will the Town appoint the following committee, Henry E. Sweeney, Nathaniel Hurwitz and the Inspector of Wires to act jointly with the Board of Selectmen for the Town, to employ Dean Harry E. Clifford, Dean of Harvard College Engineering School, formerly Professor of Electrical Engineering at Harvard College Engineering School, to make an investigation of the company supplying Cohasset with electric light and power, determining what is a fair price for

the Town and individuals to pay for electric current used. Also to determine what kind of a contract the Town should make for municipal lighting and what price should be paid for current and what is the most economic and efficient method of public lighting and that the sum of $3,000.00 be raised and appropriated to defray the expenses of said investigation, appropriation to be expended by above mentioned committee; said report being necessary to furnish exact facts to Public Utilities Commission for proper reduction in rates.

VOTED: That the Town appoint the following committee, Board of Selectmen, Chairman of the Finance Committee, the Inspector of Wires, Town Moderator, Edwin L. Furber, Dr. Bert M. Bristol, Henry E. Sweeney, Nathaniel Hurwitz and Anselm L. Beal to investigate the matter of electric lighting and power, for the use of the Town and its inhabitants, and that the above committee is hereby authorized to confer with committees or boards of other towns supplied with electric current from the same source as Cohasset and that the sum of $3,000.00 be appropriated from any available funds or unexpended balances in the town treasury to defray the expenses of said investigation and that the Committee is hereby instructed to employ Dean Harry E. Clifford of Harvard University Engineering School, if they deem it advisable.

AMENDED: To employ any expert the committee deems competent if they consider it advisable. Voted in the affirmative.

AMENDED: That no money be appropriated under this Article Voted in the affirmative.

VOTED: To amend the main motion by striking and removing therefrom the words "and that the sum of $3,000 be appropriated from any available funds or unexpended balances in the town treasury to defray the expenses of said investigation,"

in order to conform to a previous vote of this meeting that no money be appropriated hereunder.

Article 10. To see what action, if any, the Town desires or will take with reference to its Town Home property whether by leasing, selling or otherwise, or take any other or further action relative thereto.

VOTED: Unanimously. That the Selectmen, in their discretion, be and hereby are authorized and empowered to lease the Town Home property on such terms as they deem advisable and for the best interests of the Town.

Article 11. To see if the Town will accept a gift consisting of a deed of premises situated at the junction of Ripley Road and Depot Court (being the site of the Old Tilden stable) from the Cohasset Improvement Association, or take any other or further action relative thereto.

VOTED: To accept gift.

RESOLVED: That a vote of thanks be given to Cohasset Improvement Association and spread on records of the Town. Voted in the affirmative.

Article 12. To see if the Town will vote to raise and appropriate the sum of $600 for the purpose of maintaining, during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

VOTED: Unanimously, that the town raise and appropriate the sum of $600 for the purpose of maintaining, during the ensuing year, the mosquito control works as estimated and

certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article 13. William F. Burke and others. Will the Town raise and appropriate the sum of $2,300 to construct a sidewalk from Polly's Sea Grill Restaurant through Summer Street to South Main Street, and along South Main Street to the Catholic Church; also to repair a patch of sidewalk on Brook Street in front of the Masonic Hall or act on anything relative thereto?

VOTED: That the sum of $2,300 be raised and appropriated to construct a sidewalk through Summer Street to South Main Street and along South Main Street to Catholic Church and also to repair sidewalk on Brook Street.

Article 14. George Jason and others. Will the Town raise and appropriate the sum of $5,600 to finish rebuilding Doane Street to Beechwood Street, $4,000 for the street and $1,600 to rebuild culvert the width of the road, or act on anything relating thereto?

VOTED: That the sum of $5,600 be raised and appropriated to finish rebuilding Doane Street to Beechwood Street.

Article 15. William O. Souther and others. Will the Town vote to instruct the Board of Assessors to have printed in the next Annual Town Report, under heading "Reduction in Real Estate Valuations and Abatements," all reductions and abatements for the years 1932, 1933, 1934 and 1935. Widows abatements allowed by law not to be included. Each year separately set forth giving owner of property, receiving reduction or abatement, total valuation to be set forth prior to reduction and hereafter all reductions in valuation and abatements to be published yearly in the Annual Town Report. Within three days from

the time of said vote the Assessors to compile a full list as above set forth for 1932, 1933 and 1934 and to furnish a copy to any citizen desirous of same.

VOTED: That this Article be indefinitely postponed.

VOTED: That Article 17 and 31 be taken up jointly.

Article 17. William O. Souther and others. What action will the Town take regarding Federal Aid Projects and will the Town raise and appropriate or appropriate, from any available funds, a sufficient sum of money to pay for truck hire and materials, so that constructive work can be done?

Article 31. To see if the Town will raise and appropriate a sufficient sum of money for the purchase of materials and meeting of other expenses in connection with E. R. A., P. W. A., or other Federal Aid Projects to enable the Town to take full advantage of the National Relief Program, authorize the Selectmen to take such action as they deem necessary from time to time or take any other or further action relative thereto.

VOTED: Unanimously, that the sum of $1,000 be raised and appropriated for the purchase of materials and for other expenses in connection with E. R. A., P. W. A., or other Federal Aid Projects to enable the Town to take full advantage of the National Relief Program and to authorize the Selectmen to take such action as they deem necessary from time to time with reference to the National Relief Program.

Article 18. Bernard J. Salvador and others. Will the Town raise and appropriate the sum of $2,500 for the purpose of constructing a public landing place for lobster fishermen and which can be used for the disposal of snow, on the "Spear Lot", which

is now owned by the Town, opposite the entrance of Stockbridge Street, said appropriation to be expended under the direction of the Highway Surveyor.

VOTED: That this Article be indefinitely postponed.

Article 19. Will the Town vote to name the new route 3-A "Chief Justice Cushing Way" from the Hingham line to the Scituate line, in co-operation with the town of Hingham and Scituate?

VOTED: Unanimously, that the new route 3-A Highway from the Hingham line to the Scituate line be designated, known as, called and named "Chief Justice Cushing Way" providing the Towns of Hingham and Scituate vote accordingly.

Article 20. William O. Souther and others. Will the Town vote to deed to Charles H. Pratt, for driveway purposes, a strip of land sixteen feet wide on the southeast side of the Town's land, at the corner of Doane and Beechwood Streets, said strip of land is adjacent to Pratt and Bates Streets. In consideration for said transfer Charles H. Pratt is to release to said Town all his rights, title and interest in strip of land on northeast side of said Town's land now being used by Charles H. Pratt for driveway purposes.

VOTED: To lay on the table.

Article 21. George Jason and others. Will the Town raise and appropriate the sum of $11,000 to rebuild Jerusalem Road from the residence of John Sweeney to Nichols Road, including the blasting of a ledge at the top of the hill, or act on anything relating thereto?

VOTED: That this article be indefinitely postponed.

Article 22. Will the Town raise and appropriate the sum of $250.00 to transfer the traffic lights from the corner of South Main and Summer Streets to the Ripley Road School?

VOTED: That this Article be indefinitely postponed.

Article 23. Frank M. Roche and others. Will the Town vote to raise and appropriate the sum of $350.00 for the purpose of employing a spare driver, for a period of ten weeks, to enable the regular drivers of the Fire Department to have a two weeks vacation, or act on anything relating thereto?

VOTED: In the affirmative.

Article 24. Ralph W. Menard and others. Will the Town raise and appropriate the sum of $500.00 for repairing and repainting scenery and altering and improving stage equipment and lighting, for the stage at the Town Hall or act on anything relating thereto?

VOTED: That the Town raise and appropriate the sum of $400 for repairing and repainting scenery and altering and improving stage equipment and lighting for the stage at the Town Hall.

Article 25. Spencer H. Stoughton and others. Will the Town raise and appropriate the sum of $575 to construct a sidewalk from the residence of Roscoe G. Pratt to the church on Church Street, or act on anything relating thereto?

VOTED: That this article be indefinitely postponed.

Article 26. Aaron Pratt and others. Will the Town raise and appropriate the sum of $400 to construct a sidewalk from the residence of George F. Sargent to the Congregational parsonage, or act on anything relating thereto?

VOTED: That the sum of $400 be raised and appropriated to construct a sidewalk on Beechwood Street, from residence of George F. Sargent to Congregational parsonage.

Article 27. Elwood F. Litchfield and others. Will the Town raise and appropriate the sum of $400 to construct a sidewalk from the residence of Elwood F. Litchfield to White's house on the corner of Beechwood and Doane Streets, or act on anything relating thereto?

VOTED: Unanimously, to indefinitely postpone this Article.

Article 28. Frank M. Roche and others. Will the Town vote to raise and appropriate the sum of $200 for the purpose of removing rocks and otherwise improving Beechwood Park, or act on anything relating thereto?

VOTED: Unanimously, in the affirmative.

Article 29. Joseph F. Grassie and others. Will the Town vote to raise and appropriate the sum of $75 for the rental for one year of a hydrant, between the residence of Thomas L. Grassie and Catherine Salvador, on Elm Court, or act on anything relating thereto?

VOTED: That the sum of $75 be raised and appropriated for rental for one year of a hydrant on Elm Court. Location of same to be determined by Chief of Fire Department.

Article 30. William F. Burke and others. Will the Town raise and appropriate the sum of $19 to install and maintain an electric light on pole, at south end of Hill Street, or act on anything relating thereto?

VOTED: That the sum of $19 be raised and appropriated to install and maintain an electric light at south end of Hill Street.

Article 32. To see what action the Town will take with respect to releasing unto Eaudivilla J. Wentworth and Florence E. Bristol any property or water rights acquired by the Town in connection with the diversion of James Brook, especially any rights to again cause water to flow in the old brook channel through the Bristol-Wentworth property, or take any other or further action relative thereto.

VOTED: That the Selectmen be and hereby are authorized, in their discretion, to release unto Eaudivilla J. Wentworth and Florence E. Bristol such rights as the Town has to again divert James Brook through the Bristol-Wentworth property, such release to be subject to the approval of the Town Counsel.

Article 33. To see if the Town will accept a deed of gift from Eleanor H. May and Mary F. Cousens, et al., of premises situated at the junction of Margin and Elm Streets containing 1,122 square feet of land or act on anything relating thereto.

VOTED: That this article be indefinitely postponed.

RESOLVED: That the thanks of this meeting be extended to the Moderator for the fair, impartial and able manner in which he has conducted this meeting. Voted in the affirmative.

RESOLVED: That the Selectmen be instructed to adjust the salary of the Janitor of the Town Hall to $1,400. Voted in the affirmative.

VOTED: That this meeting be dissolved.

Total raised and appropriated	$318,273.82
Appropriated—Dog Funds for Schools	574.70
Total appropriated, 1935	$318,848.52

Attest:

WILLIAM H. MORRIS,
Town Clerk.

SPECIAL TOWN MEETING

Friday, August 2, 1935

The following checkers were sworn having been previously appointed by the Board of Selectmen:

Eugene C. McSweeney	Anastasia St. John
Leo E. Neagle	Ora H. Pratt

At a Special Town Meeting held in the Ripley Road School Auditorium August 2, 1935 at 8 o'clock P. M., the following Article was contained in the Warrant and acted upon as recorded:

Article: To see if the Town will accept Sections 32 to 47 inclusive of Chapter 147 of the General Laws, or act in amendment thereof, or additions thereto, permitting Licensed Boxing Matches or Exhibitions, or take any other or further action relative thereto.

VOTED: In the affirmative by a voice vote.

It appeared from the check lists that there were seventy registered voters present.

Voted that this meeting be dissolved at 8:45 P. M.

Attest:

WILLIAM H. MORRIS,
Town Clerk.

VITAL STATISTICS

Record of Births, Deaths and Marriages Recorded in 1935

BIRTHS

Total number of births was ninety-eight, of which eight were delayed returns and corrections of past years. Of the ninety in the year 1935, there were forty-four where the parents were residents of other towns, of the forty-six whose parents were residents of Cohasset, twenty were females and twenty-six were males.

MARRIAGES

Total number of marriages was forty-eight, of which thirty-one were married in Cohasset. Of the forty-eight one was a correction and one a delayed certificate of a previous year.

DEATHS

Total number of deaths was seventy-one and includes those who died in other towns and were brought here for burial. One of this number was a return of a previous year. Of the fifty who were residents of Cohasset, 18 were males and thirty-two were females. The causes of death were as follows:

Sepsis with vacernous sinus thrombosis, 1; Hernia and intestinal obstruction, 1; chronic myocarditis, 3; carcinoma of stomach, 1; acute rheumatic fever and endocarditis, 1; broncho pneumonia and arteric-sclerosis, 1; coronary conclusion, 1; cerebral hemorrhage, 11; broncho-pneumonia, 5; cancer of breast, 1; extensive accidental burns, 1; ecchymoses abrasions and shock, accident, 1; acute articular rheumatism, 1; chronic intestinal nephritis, 2; carcinoma of pancreas, 1; compound fractures of skull, etc., accident, 3; carcinoma of fendus utri, 1; arterio sclerosis and cere-

bral apoplexy, 1; infective necrous of the right sterno-clavicular joint, and multiple abcesses of right lung, 1; carcinoma breast, etc., spine and lung melastases, 1; dystocia, fetal asphyxia, 1; acute lymphatic lenkenia, 1; cancer prostate, 1; chronic nephritis and myocarditis, 1; septic abortion and pelvic thrombo phlebitil, 1; accidental drowning, 1; heart disease-hypertensive type, 1; arterio schlerosis and acute myocarditis, 1; coronary thrombosis, 1; meningitis, influenzal semisitis, 1; diabetes, arterio sclerosis and cerebral apoplexy, 1; cardiac decompensation hypertensive heart disease, 1; arterio aclerotic heart disease, 3; hypostatic pneumonia, 3; intestinal obstruction, carcinumatoses chronic myocarditis, 1; premaburety, 1; lobar pneumonia, 4; toxic myocarditis, uraema, cystotomy supropubic, 1; carcinoma cervix, 1; stillborn, 1; grippe infection, 1; heart block-arterio sclerotis origin, 1; adeno-sarcoma lung and breast, 1; numerous fractures, accidental, 1; congenital heart disease, 1.

Parents, Be Sure to Record the Birth of Your Child With Given Name in Full

Read the Law!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born." — General Laws, Chapter 46, Section 6.

Some of the Many Reasons Why Births Should Be Recorded

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To prove the age at which the marriage contract may be entered into.

To establish the right to public office.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Attest:

WILLIAM H. MORRIS,

Town Clerk.

REPORT OF STATE AUDITOR

March 1, 1935.

To the Board of Selectmen

Mr. William H. McGaw, Chairman

Cohasset, Massachusetts

Gentlemen: I submit herewith my report of an audit of the books and accounts of the town of Cohasset for the fiscal year ending December 31, 1934, made in accordance with the provisions of Chapter 44 of the General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

TNW:ERW

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir: In accordance with your instructions, I have made an

audit of the books and accounts of the town of Cohasset for the fiscal year ending December 31, 1934, and submit the following report thereon:

The financial transactions of the town, as recorded on the books and records of the various departments collecting or expending money for the town or committing bills for collection, were examined and checked.

The town accountant's books were examined. The receipts, as recorded, were checked with the records of the several departments collecting town moneys and with the treasurer's books. The recorded payments were checked with the treasury warrants and with the treasurer's records.

The accountant's ledger was analyzed and corrected, the necessary adjustments were made, a trial balance was taken off, proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1934.

As may be seen from the appended balance sheet, the town is in excellent financial condition.

The appropriations and transfers recorded in the accountant's ledger were checked with the town clerk's records of financial votes passed at town meetings and with the records of transfers from the reserve fund authorized by the finance committee.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and checked with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury. The recorded expenditures were com-

pared with the selectmen's warrants authorizing the disbursement of town funds and with the accountant's books.

The cash book additions were verified and the cash balance on February 5, 1935, was proved by actual count of the cash in the office and by a reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of maturing debt and interest were proved with the amounts falling due during the year and with the cancelled securities and coupons on file.

The savings bank books representing the investments of the several trust funds in the custody of the town treasurer were examined, the income and disbursements being proved.

The books and accounts of the tax collector were examined and checked. The commitment lists were verified and compared with the assessors' warrants for their collection. The recorded collections were compared with the payments to the treasurer, the recorded abatements were checked with the assessors' records of abatements granted, the taxes transferred to the tax title account were checked with the records of tax titles held by the town and the outstanding accounts were listed and reconciled with the accountant's ledger. A verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The tax title deeds held by the town were examined and reconciled with the treasurer's and the accountant's records and with the tax books.

The work of the tax collector and of the town treasurer has

been performed in an accurate and efficient manner.

The records of dog and of hunting and fishing licenses issued by the town clerk were examined, the payments to the town treasurer and to the Division of Fisheries and Game being verified.

The surety bonds of the several officials required by law to furnish them were examined and found to be in proper form.

The accounts of the treasurer of the trustees of the Cohasset Free Public Library and of the treasurer of the directors of the Paul Pratt Memorial Library were examined and checked. The investments were personally examined, and the income and disbursements were proved. The cash books were footed and the cash balances on February 5 and February 18, 1935, respectively, were verified.

In addition to the departments mentioned, the books and accounts of all other departments collecting money for the town or committing bills for collection were examined and checked with the records of the treasurer and the accountant.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the tax collector's cash, summaries of the tax, assessment, and departmental accounts, as well as schedules showing the condition and transactions of the trust funds.

For the cooperation received from the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

PUBLIC GIFTS AND BEQUESTS

(Continued from 1934 Report

COHASSET IMPROVEMENT ASSOCIATION

GIFT OF LAND

Dated February 23, 1935

Located at Depot Avenue and Ripley Road

NATURE OF GIFT:—"To Have and To Hold to the said Town of Cohasset so long as the said Town of Cohasset shall keep the demised premises open for the use of the public as a public park or Town Common, and shall keep the said premises in the same general condition as all other lands now or hereafter owned by it as common or for park purposes or uses; except that such portion of the granted premises referred to on said plan and marked "Parking Space", as is now and has been used for the parking of vehicles may be continued to be used for such purpose, and so long as no building or other structure shall be erected thereon other than for common or park purposes; and so long as no part of the granted premises shall be leased to any individual, corporation or other interest for any purpose.

And when the said Town of Cohasset shall divert said land from the uses or purposes for which the land is granted to it, or allow any building or structure to be erected upon it, except as above provided, or lease any part of the demised premises, then the title of the said Town of Cohasset to the granted premises shall forever cease and it shall revert to the grantor, its successor or successors."

Accepted by vote of the Town at a meeting held March 2, 1935.

REPORT OF THE BOARD OF SELECTMEN

Year Ending December 31, 1935

Cohasset, Massachusetts,

February 4, 1936.

The town report shows the town's financial condition, therefore we do not think it necessary to go into detail in the Selectmen's report.

The past year we had one of two courses which we could pursue, one of which would have been to raise a large sum of money for material to carry out the government program which might have been a very heavy burden for the town financially. The other was to select projects that would require a small amount of money for material, this keeping the town in Class A, financially. We chose the latter course believing it to be better business for the town.

Again we call to your attention the necessity of keeping appropriations as low as practicable, bearing in mind the fact that the greater the appropriations the greater the tax bill.

We appreciate the co-operation we have had from the heads of the various departments and from the citizens of the town.

Respectfully submitted,

WILLIAM H. McGAW,
HERBERT L. BROWN,
DARIUS W. GILBERT,
Board of Selectmen of Cohasset.

REPORT OF THE ASSESSORS

The Assessors of the Town of Cohasset submit their report for 1935.

Total valuation 1934		$10,395,331.00
Total valuation 1935		10,287,667.00

Assessors of Cohasset.

REPORT OF BOARD OF PUBLIC WELFARE

There has been a large demand for relief during the year in spite of the very large amount of federal funds granted to the E.R.A. and W.P.A. The irregularity of the federal payments has made it necessary for the town to fill in the gaps in order to see that none suffer for food or fuel.

The board has saved a considerable amount by boarding out those who would have been placed in the Cohasset Home.

Mary E. Oliver was appointed our agent and has proved of great assistance in investigations of applicants and frequent visits to homes, also in carrying on the increasing office work of the department.

No one can foresee what is before us in this uncertain time.

For the figures we would refer you to the detailed financial statement in the Town Accountant's report.

DARIUS W. GILBERT,
HERBERT L. BROWN,
WILLIAM H. McGAW.
Board of Public Welfare.

1935 — E.R.A. — W.P.A. ACTIVITIES

Project	Work Done	E.R.A. Payrolls	W.P.A. Payrolls	Total Federal Funds	Town Costs	Sponsor	Remarks

REPORT OF SEALER OF WEIGHTS AND MEASURES

Cohasset, Massachusetts,

February 3, 1936.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the following report. The various weighing and measuring appliances in town have been carefully tested, 417 were sealed, 38 were adjusted, and 12 were condemned. The amount of $48.62 was collected as sealing fees and paid to the Treasurer.

I have also retested several appliances, inspected hawker's and pedlar's licenses, package goods, and other commodities as directed by the Director of Standards.

Respectfully submitted,

LOT E. BATES,
Sealer of Weights and Measures.

REPORT OF THE TREE WARDEN

Cohasset, Massachusetts,
February 3rd, 1936.

To the Citizens of Cohasset:

I herewith submit the following report.

A great deal has been accomplished during the past year toward the preservation of our trees. Having obtained a knowledge of the condition of our trees through a careful survey of the trees throughout the town, I was prepared to carry on the work on a systematic basis, and make a judicious expenditure of the monetary appropriation for this department.

There are some 3,491 shade trees bordering the streets through the town, principally elms, maples, ash and oaks. The Dutch elm disease must be watched for very closely. Fortunately, Massachusetts is still free from this disease, but it has been found near our borders, and is known to spread very rapidly.

Along with the care of our shade trees other work consisted of cutting off the brush along tht roadsides, and trimming branches from the fire alarm wires.

In the matter of employment of men I have endeavored to distribute the work fairly, and as much as possible to those of our fellow citizens who needed the work, and were willing to give a good day's labor in return. The co-operation from the men employed has been very gratifying.

I wish to thank the citizens and members of all town departments for their co-operation.

Respectfully submitted,

WILLIAM H. McARTHUR,

Tree Warden.

REPORT OF THE MOTH DEPARTMENT

Cohasset, Massachusetts,

February 3, 1936.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit the following report.

During the past year the trees were thoroughly sprayed, and in season the work of exterminating destructive insect pests of various kinds was carried on.

It will be appreciated if anyone observing tree destruction by insects or disease will call it to the attention of the Moth Superintendent.

Respectfully submitted,

WILLIAM H. McARTHUR.

Moth Superintendent.

REPORT OF BOARD OF HEALTH

January 13, 1936.

To the Citizens of Cohasset:

In addition to the Well Baby Clinic, two new clinics were established during the past year.

A clinic for the prevention of tuberculosis of the lungs is to be conducted annually at the Osgood School, the purpose of which is to find children who are affected and to give advice, when necessary, how best to overcome it. The clinic is held for pupils of the seventh, ninth and eleventh grades, thus making it possible for a child to be examined three times in his or her school life. The examination will consist of tuuberculin testing of all children where the parents consent is obtained, X-ray examination of those reacting to tuberculin and physical examination of those showing X-ray evidence of tuberculosis.

At the clinic held last March 82 children were examined. Of this number 23 or 28% were found to have "positive" tuberculin tests. Thirteen were classified as observation cases. There were no cases showing evidence of disease sufficient to warrant an immediate diagnosis of tuberculosis however and it is expected that the observation cases will be re-examined this year.

Immunization Clinic

Diphtheria Immunization Clinics were held at the Ripley Road School during the months of April and May. Five clinics were conducted under the supervision of Dr. Oliver H. Howe, School Physician, assisted by Miss Fanny James, School Nurse.

One hundred and seventy childen were given three injections of toxinantitoxin at weekly intervals. New equipment consisting of automatic type of syringes and needles were purchased, thus enabling the attending physician to inoculate 150 or more children in an hour's time, which not only reduced the immunization work to a minimum but eliminated much of the strain prevalent among children at clinics of this type.

It might be said in passing that the number of children inoculated constituted a trifle less than one half of the school enrolment. It is assumed that some of the children who were not inoculated at the School Clinic had been immunized by their family physician, this assumption being based on the fact that much emphasis has been placed on this type of preventive work at the Well Baby Clinic for the past several years. However, it is our belief that many parents, who have not had their children protected against diphtheria, fear to do so because of their personal dread of inoculations and possible reactions, such fears according to doctors and health authorities, with the exception of occasional cases where a small area around the point of inoculation becomes red and painful for a day or two, are absolutely groundless and most of the decrease in diphtheria is attributed to the wide spread use of the serum.

The Schick test was not used at the clinic. This, incidently, has no value as an immunization agent, but is used for the purpose of determining the susceptibility of a child. While it is estimated that 90% or more of the inoculations are effective, it is recommended that children who have been inoculated be Schick tested by their family physician and if, as in rare instances, found to be still susceptible, another series of injections be given, either by their family doctor or at the School Clinic to be held in the Spring.

Well Baby Clinic

Fifty-three babies were registered at the Well Baby Clinic held the first Tuesday of each month at the Legion Hall, under the supervision of the Social Service League with Dr. Stewart Clifford, M. D., in attendance, the average attendance for the 16 months prior to January 1936 being 19 children.

As mentioned some time ago, the fundamental principle of the clinic is preventitive work. While several cases may be cited as to results obtained, the following taken from the report of Miss Cross, Public Health Nurse, may serve as a striking example: "Dr. Clifford feels particularly enthused about one local infant in particular who, due to an unusual condition of the blood, would, it would seem, not be here today had it not been for the check-up and follow through started at the Baby Clinic."

With the annual Diphtheria Immunization Clinic established at the Ripley Road School, it is hoped that arrangements can be made next year for immunization work at the Well Baby Clinic for children from 6 months to 5 years, the age group in which it is estimated at least 50 per cent of the diphtheria deaths occur. This clinic to be conducted in conjunction with the local physicians at a nominal fee for those who are able to pay.

The communicable disease record of the Town with the possible exception of measles has been very favorable. It might be stated that while the number of children afflicted during the measle epidemic may seem large, many communities were compelled to close schools during that period. In view of the number of cases reported to the State Department of Public Health our percentage was proportionally small.

Following is a list of communicable diseases reported to the Board of Health for which dwelling houses were placarded when

required and necessary quarantines established:

Chicken Pox	3
Measles	135
Mumps	27
Scarlet Fever	3
Lobar Pneumonia	2
Tuberculosis	1
Whooping Cough	3
German Measles	13
Dog Bite	8

Twenty-three milk licenses were issued. The usual procedure of milk inspection was followed together with examination of dairies and farms.

The completion of the James Brook, Public Works Project from Smith Street to the Cove eliminated much of the former maintenance of the brook and confirmed the opinion of the committee as expressed in last year's report that the completed project would eliminate the seasonal floods at Ripley Road and adjacent areas. Many complaints were registered because of offensive odors emanating from the culvert at Brook Street, a condition that required constant treatment by disinfecting and deodorizing. However a like condition existed in the past and the general belief is that the project has considerably improved the sanitary condition of the brook under South Main Street.

No expenditures other than for necessary repairs of the Control Gates were required for Straits Pond.

The condition of Cat Dam was particularly offensive last summer It was deemed advisable, due to the excessive growth and foul odor of the fungus to begin work earlier than usual, necessitating more than the average outlay of funds required to keep the pond clean.

New equipment consisting of a new Ford three quarter ton truck and a portable type pump was purchased for the Town Dump, this replacing the second hand equipment purchased in 1929. Thirty-nine old cars together with 2,410 loads of rubbish were disposed of at the dump last year.

School Dental Clinic

Three hundred and sixten children were treated at the School Dental Clinic last year, the work consisting as of follows: Fillings 554, extractions 222, cleanings 153. Total number of operations being 928.

Respectfully submitted,

NATHANIEL M. HURWITZ, Chairman.
ABRAHAM S. ENOS, Secretary,
ABRAHAM J. ANTOINE, JR.,

Board of Health.

REPORT OF COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: As Chief of the Fire Department I submit the following report. During the past year the department responded to 58 calls: 33 alarms, 24 silent or telephone calls, and 1 out-of-town call.

House fires	10	Hospital	1
Chimney fires	6	Oil heaters	2
Auto Trucks	2	Hen houses	1
Automobiles	3	Range burners	1
Out-of-town	1	Filling stations	1
Barns	5	Child in bath room	1
False	8	Boats	1
Brush and grass	6	Restaurants	1
Electric refrigerators	1	Oil stoves	1
Garages	4	Electric light poles	2

Engine No. 1 responded to 33 alarms, Engine No. 2 responded to 13 alarms, Engine No. 3 responded to 18 alarms, Ladder No. 1 responded to 33 alarms and calls, Chevrolet Forest Truck responded to 49 alarms and calls of the fire department, and the Ford Forest Truck responded to 17 alarms.

At this time I want to call to the attention of the Town the value of these two forest trucks at a dwelling or building fire. Statistics compiled by the National Board of Fire Underwriters say that the losses are 75% from water and 25% from fire so that by the use of these small trucks with their small lines of hose *inside* reduces the water damage at least 50%.

The department used 17,400 feet of hose, 744 feet of ladders, 4 carbon tetrochloride bombs, 50 pounds of Fyre Freez and 2½ gallons of foamite.

The assessed value of houses, buildings, automobiles, etc., was $86,300.00. Loss paid by insurance was $5,267.00.

The equipment of the department is in first class condition and also the trucks.

The merchants of the town are earnestly requested to remove boxes, papers and rubbish more often as the fire hazard in the centre of the town is very serious.

I want to thank the Honorable Board of Selectmen for their deep interest in the department; to Chief Pelletier and his officers in his department for their co-operation and assistance and to all others who have volunteered their services. I also want to thank the officers and members of the fire department for the efficient and able manner in which they have performed their duty.

Respectfully submitted,

FRANK F. MARTIN, JR.,
Chief.

REPORT OF FOREST WARDEN

To the Honoraable Board of Selectmen:

Gentlemen: My report as Forest Warden is as follows: The year of 1935 was quite dry and the number of grass, brush and wood fires was double that of 1934. The department responded to 64 fires, pumped out 9 cellars, 1 swimming pool and we burned 14 pieces of property that were fire menaces along and near the highway.

When conditions are dry a patrol is maintained Saturdays, Sundays and holidays. A permit is required by law for a fire in the open air, regardless of being in an incinerator or otherwise and I earnestly ask the co-operation of the citizens to get a permit before lighting a fire in the open air.

A permit is required at all times in the year except when snow is on the ground or it is raining.

Respectfully submitted,

FRANK F. MARTIN, JR.,

Forest Warden.

REPORT OF WIRE INSPECTOR AND SUPERINTENDENT OF FIRE ALARM

To the Honorable Board of Selectmen and to the chief of the Fire Department:

Gentlemen: I herewith submit my report as Wire Inspector and Superintendent of the Fire Alarm of the Town of Cohasset. As in the past the work has been checked and corrected in accordance with the requirements of the national code and the inspection department. During the past year the usual careful inspection has been made of all electrical jobs done in the town. The old wiring in several residences has either been wholly or partly condemned and replaced by new wiring on my recommendations. The Electric Light & Power Company have replaced old poles and added new wiring whenever recommendations were made to them.

On installation of oil burners there have been some changes. Regulations now call for a new safety switch at the head of cellar stairs or at a bulkhead so that in case of fire all electrical apparatus can be turned off without going into the cellar, which is a great improvement for safety.

There has been some extension on our fire alarm system this year. We have added three new fire alarm boxes and have done considerable installation of new arms and some new wire. We have trouble with the old fire bells which are four in number. The cost to repair these bells would amount to over two thousand dollars. I therefore recommend to the people of the town to install a new horn which would not amount to much more than two thousand dollars and it would be much better.

In closing I wish to express my appreciation to the Board of Selectmen, the Chief of the Fire Department, the Electric Light and Power Company, and the electrical contractors for their co-operation.

Respectfully submitted,

HERBERT WILLIAMS, Sr.,

Wire Inspector and Superintendent of Fire Alarm.

REPORT OF COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Police Department of the Town of Cohasset, for the year ending December 31, 1935.

OFFICIAL ROSTER OF THE DEPARTMENT

SUMMARY OF WORK DONE BY DEPARTMENT

Accidents investigated—83.
Animals killed, request of owner—4.
Automobile stolen—1.
Automobile recovered—1.
Buildings found open and locked by police or owner—43.
Calls for inhalator—8.
Cars stopped for automobile violations and warned—83.
Cars stopped for licenses and registrations—250.
Cars tagged for improper parking—115.
Complaints received at headquarters—1,309.
Defects in streets reported—9.
Duty calls from boxes—2,586.
Fatal accidents (automobile)—1, (buildings)—2, (fire)—1.
Fire alarm answered—33.
Hackney carriage license issued—6.
Hackney driver's license issued—6.
Sick or injured taken to hospital in police car—9.

Mileage of ambulance—1,826.
Mileage of police car—33,956.
Mileage of motor cycles—1,371.
Motorist assisted—32.
Persons transported in ambulance—83.
Property found and returned to owner, valued at $260.00.
Radio messages sent by this station—8,471.
Receipts to Treasurer from Police Department to January 3rd, 1936 inclusive—$1,617.75.
Restitution made in cases—$100.70.
Special attention requested by owners of unoccupied houses—23.
Stolen property recovered by department—$975.
Street lights reported out—131.
Summer homes inspected weekly (winter months)—137.
Summonses served for other police departments—60.
Total fines—$935.

May I at this time, express my appreciation to your Honorable Board and all the people of the Town of Cohasset for their hearty co-operation and assure your Board and the people of Cohasset that the Police department will constantly do their utmost to protect the people of Cohasset and their property.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police.

REPORT OF HARBOR MASTER

To the Hon. Board of Selectmen:

January 1, 1936.

Gentlemen:

The Harbor Master begs to submit this annual report:

I suggest as of last year an increase in appropriation to cover cost of new passenger float and commercial runway, which are necessary. The present float and runway being in very poor condition.

We had many large boats in our harbor this past summer and it necessitated careful planning to accommodate these boats at one time in such a small harbor.

Thanking the fishermen and yachtsmen for their cooperation and support.

Respectfully,

JOSEPH J. GRASSIE,

Harbor Master.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their annual report for the year ending December 31, 1935.

It is a great satisfaction to the Directors to record an increase in total circulation for the year 1935 over 1934 of more than eleven hundred books. This fact shows clearly, an increased interest in our library and consequently that it is becoming more useful to an ever increasing number of citizens.

The library is becoming more and more of a practical help to school children and adults in many ways as is definitely shown in the report of the Librarian and this is, after all, the real object of the library.

It is the object of the Directors to have in circulation all of the latest and most usefully interesting literature and it is our hope that the citizens of the town will avail themselves of the privileges afforded in our library.

The reports of the Treasurer of the Board and the Librarian, in detail are subjoined.

Respectfully submitted,

FREDERIC J. GAULD, *President,*
FRED V. STANLEY, *Treasurer,*
EDWIN OTIS, *Clerk,*
WILLIAM H. McGAW,
HERBERT L. BROWN,

Cohasset, January 13, 1936.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY, COHASSET, MASS.

To the Board of Directors of the Paul Pratt Memorial Library:

I herewith submit the annual report of the Librarian for the year ending December 31, 1935.

The past year of library service has included the handling of books borrowed and returned; looking up and answering reference questions, which have come over the telephone and at the desk; instruction in the use of the catalogue and reference tools; securing from other libraries, through the inter-library loan, books needed for special study which are not upon our shelves.

With the completion of classifying and cataloguing the pamphlet and picture files, the progress in which has been delayed because other demands have left little time for this work, an additional source of information and of material will be made accessible.

Much real pleasure and benefit has been derived from various exhibits throughout the year,—two of these have been of Japanese wood-block prints from the Shima Art Company of New York; others have been a display of garden books and of seed catalogues, in anticipation of spring gardening, when also there was loaned to us a bottle garden and terrarium made by Robert Coyne; Mrs. Charles E. Whitmore of Hingham not only loaned us a collection of etchings, lithographs and other prints, but gave an interesting talk about them; water color and oil paintings, the work of Miss Katherine Wilkins, were exhibited in August, followed within a few weeks by the water color paintings of Prof. C. Fayette Taylor. Much appreciation is extended to all who so kindly made it possible for us to have these exhibits.

On October 4th, in celebration of the four hundredth anniversary of the printing of the first English Bible, there were shown facsimile pages of some of the early editions of the Bible. At the close of the year a collection of articles used as bookmarks, found in our books, which were both suitable and unsuitable as such, created much amusement and comment.

Observance of Book Week, November 18 to 23, included not only the usual display of new books, but additional attractiveness was given the Children's Room by silhouettes, made by Mrs. Jerome F. Wadsworth, representing characters in both old and new books. Through the kindness of Mr. William H. McGaw, the use of a window in the Cohasset Hardware Store was given us, where a display of the best non-fiction, fiction and children's books, which were to be found at the library, attracted the passers-by and gave them suggestions for reading.

Through such exhibitions and displays as these it is hoped that many who have not yet identified themselves with the library will come in,—and having come in, will remain to become borrowers.

During this past year, the Library Art Club, of which the Paul Pratt Memorial Library was a member from 1903 to 1906, decided to disband; the sets of pictures which had been used for exhibits being distributed among those who had been or were members, if they were desired. Twelve sets were sent to us.

One story hour, only, has been held at the Main Library and one at the Beechwood Branch, both in celebration of the Christmas season.

Miss Stoddard, Librarian of the Beechwood Branch, was granted a leave of absence on account of illness, and during the months of her convalescence, her place has been filled by Mrs. Winston L. King, who has given faithful and interested service.

Meetings of the Massachusetts Library Club, Old Colony Club and Round Table of Children's Librarians have been attended whenever possible.

BOOK STOCK

Last year an unusual number of books was reported as withdrawn for one reason or another,—of these 236 have been accounted for, which added to the number then reported, 20,125, brings the corrected total to $20,361. During the year 886 volumes have been added, through purchase, 792, including 46 replacements; gifts, 83; binding, etc., 11. As 480 books have been withdrawn, the increase is 406, making a total of 20,767, of which approximately 19,520 are in the main Library and 1,247 at the Beechwood Branch.

Through the reading of the shelves 30 books are shown to be missing, 19 adult and 11 juvenile. Magazines have also mysteriously disappeared from racks and shelves. Both books and magazines have been mutilated by tearing out items and pages, and otherwise defaced. The mysterious disappearance and mutilation of books and magazines are two of the most discouraging sides of library work. Do those who do this realize, I wonder, that such mutilation is an offense punishable by law.

USE OF LIBRARY

During the year there have been 300 registrations (255 new ones and 45 re-registrations). Deducting 195 withdrawals, the increase in the number of borrowers is 105, making a total of 1,561, about 45 per cent of the town's population. It must not be forgotten, however, that this includes persons who are in town for the summer months only, and, since the library's privileges are extended to out-of-town borrowers upon the payment of a yearly fee, they are also included.

The total number of books circulated in 1935 was 40,528, an increase of 1,140 over that of 1934. Of these, 35,003 were borrowed from the main Library and 5,525 from the Beechwood Branch.

Through the school year ending in June, books from the State reading lists were read. Certificates, including 15 honor certificates, were given to 87 children of the Ripley Road School, and, in connection with their English course, to 37 members of the 7th and 8th grades and of the Sophomore class of the Osgood School.

Of the gifts of books and magazines received throughout the year special mention should be made of that of "A Graduate of Yale",—so designated by request; other donors have been The Literary Guild of America, Dr. Oliver H. Howe, Miss Annie N. Keene, Burroughs-Welcome Company, Mrs. Charles E. Whitmore, Miss Florence N. Bates, Miss Mary P. Tower, Mr. Albert F. Bigelow, Miss Helen M. Phillips, Mrs. Marion Adossides, Mr. Edward H. Tower, Mr. Harry S. Parker, Mrs. Percy M. Hendrie, Mr. John Deere, Mr. James W. Doyle, Mr. D. Bruce McLean, Mrs. Sherman R. Thayer, Mrs. O'Malley, Mr. Richard Thompson, Mr. Alfred W. Jones, Cohasset Woman's Club and Sophomore English Class, 1934-35.

The Library has, I believe, been of increasing value to the townspeople and only with their co-operation can the aims and ambitions for the service of the library to them be realized.

Much appreciation is here expressed to the members of your honorable Board for your counsel and your help in all matters.

CHARLOTTE S. TOWER,

Librarian.

Cohasset, December 31, 1935.

REPORT OF HIGHWAY SURVEYOR

To the Citizens of Cohasset:

I herewith submit to you a brief report covering the work done by this department for the year.

As in past years the usual routine was followed. The streets were thoroughly patched, tarred, sanded, the sides cut back, swept and the sweepings removed. The catch-basins were cleaned out, the old ones repaired and new ones built. The fences were repaired, painted and in some places replaced by new ones.

A part of Pond Street, about one thousand feet, from the State Road to the driveway of Mr. Richard Leonard's residence, was rebuilt and surfaced with Laykold. The shoulders were graded with loam and sanded and a blind drain was put in from the Cohasset Home driveway to the State Road.

Sohier Street, from the Oaks Farm to the State Road, was rebuilt. Deer Hill was lowered and the sides widened. Six hundred feet of perforated corrugated pipe was used in arching the hill and one hundred eighty-eight feet of stone drain and one new catch-basin were built.

At the junction of Elm, Summer and Border Streets, a manhole cleaner and four new catch-basins were put in.

Under special appropriations the following work was done.

A sidewalk of asphalt-concrete, about 2,200 feet, was constructed and the sides graded from the Polly's Sea Grill around Summer Street to Saint Anthony's Church on South Main Street.

A piece of sidewalk was built in the Beechwood section from the home of Mr. George H. Sargent, Jr., to the Congregational Parsonage.

A muliplate arch bridge, with an eight foot span, and thirty-one feet long was built at Doane Street. As the old bridge had been erected on roots and muck it was necessary to excavate two feet or more on the river bed before a solid foundation was reached.

The painting of traffic signals on the street was done under the supervision of the Chief of Police.

Almost all of the sand used was screened from the banks here in town, thereby giving employment to some of the men who only work part time elsewhere. There were over four hundred different men employed in this department during the year.

I express, at this time, my appreciation for the cooperation of the other town officials and the helpful suggestions and criticisms from the people of Cohasset.

Respectfully submitted.

GEORGE JASON,
Highway Surveyor.

REPORT OF SCHOOL COMMITTEE

To the Citizens of Cohasset:

We submit our annual report on the condition of the schools for 1935. We feel that everyone should read very carefully the reports of the Superintendent, Principals and Supervisors as these give in detail what is being accomplished.

In electing teachers we have chosen only those with teaching experience, and with the best of records as teachers. Grade teachers must be normal school graduates. Our policy is to build and keep a strong teaching staff.

The courses of studies offered in our school are broad enough so that any boy or girl who wants to study has the opportunity to obtain a good education. There is no reason why anyone cannot enter college from our High School if he will study. The teachers are always ready to give individual help after school hours.

The college records of our pupils who have entered college direct from our school is one to be proud of, and we feel that it is a direct reflection on the ability of our teachers.

The school buildings are in good repair.

The Manual Training building should have a small addition and the whole building made into one room. The equipment now in the Osgood School basement, should be moved over, so that the department would be under one roof. This will make it much easier to supervise.

Your Committee with the Superintendent meet the first Monday in each month. We feel that anyone with any suggestions or complaints should come, and discuss them with the committee at the meetings.

Mr. Doyle has been Superintendent for one year and a half, and we feel he is doing excellent work.

Our financial statement for 1935 and budget for 1936 is attached.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Mrs. Wheelwright and Gentlemen:

I herewith submit my second annual report on the Cohasset Public Schools.

Teaching Staff

The Town of Cohasset has always maintained a fairly high salary schedule. This has made it possible for the town to employ well trained teachers of proven ability.

Four vacancies occurred in the teaching staffs of the Ripley Road and Osgood Schools at the end of the spring session. These vacancies have been filled by teachers of more than average ability.

The process of finding teachers to fill the vacancies that have occurred consists of determining from the State Department of Education and the Administrative Staff of our State Colleges, what graduates and teachers are considered at the time to be highly qualified. These recommended teachers are then visited in their respective classrooms. This last year, before a choice of teachers was made, schools were visited in Lexington, Concord, Acton, Randolph, Wareham, Manchester, Barre, Stoughton, Raynham, Weymouth and several other places. Your superintendent believes it best to spend several weeks in a search for the most desirable teaching talent rather than a year of regrets.

Miss Kathleen Shields and Miss Helen Foye were elected to the vacancies in the first grade, Miss Shields coming from Hano-

ver and Miss Foye from Lexington. Miss Erma Lewis from Crystal Lake, Minnesota, was elected to the second grade position, and Miss Marjorie Fay to the place of the excellent Miss Elizabeth Parker in the English Department.

I am greatly pleased with the work of our new teachers since September.

Curriculum

Many of the changes that are taking place in the secondary schools do not show in a list of the subject titles given in course of study. The names of the courses often times remain the same, but the subject matter has in many of these courses changed and broadened considerably.

We are considering increasing the number of periods a week devoted to English. The requirements of today in the field of literature, dramatics, grammar, the mechanics of the language, oral work, and composition far exceed those of some years back and it is my feeling that one to three additional periods should be provided to enable us to satisfy the newer requirements.

With a view to meeting the needs of those high school pupils who will not attend college the content of many courses in the field of Social Studies has been broadened and courses in economics and problems of American democracy have been added to the curriculum. For the second half of the school year of 1935-36 we plan to introduce in the senior year for high school pupils, a course in elementary sociology. The work in these courses is designed to aid high school graduates to interpret more intelligently their immediate surroundings and provide starting points for the development of interests of social value.

In the Ripley Road School we have this year completely equipped a classroom for over age pupils. The room is in charge of Miss Mary Hillis who has been making a study of methods of teaching this special class of pupils. We call this group "the opportunity class" and many of the children now members of the class are really happy for the first time in their school lives. I do not believe that any public school of our size in Massachusetts can boast of as well equipped a classroom for this work. The Town of Scituate, which does not make provision for such a class, pays the Town of Cohasset tuition for the privilege of sending a pupil here.

Actvities

During the early spring, under the direction of Miss Elizabeth Parker, the pupils of the second year English class prepared and issued a history of Cohasset. The printing was done by our own pupils on our own mimeograph. The cover was a hand blocked print of considerable merit prepared by pupils in the drawing class.

And annual of forty-five pages, containing no advertisements, was issued by the High School and Junior High School pupils.

In the spring also, the High School people participated in a "Junior Night" given under the auspices of the Cohasset Dramatic Club. High School people played parts in a creditable way in two one-act plays, "The Valiant" and "Grandma Pulls The Strings".

The Glee Club broadcast a very successful program from WHDH in June.

Equipment

We have made numerous additions to our classroom and playground equipment during the past year. A sixteen millimeter

motion picture projector has been acquired and a contract made with the State Department of Education for the rental of films. By joining a circuit including towns such as Milton, Watertown, Brighton, etc., we are able to show through the year at very small expense, "The Chronicles of America" prepared under the direction of Yale University. We have also arranged to show fifty science and geography films during the year. With a microprojector for laboratory use, we feel that at present we are well equippd to make use of visual aids to education. A glass bead daylight screen makes it possible to show films or slides in any room in either building.

Among other items of equipment added to the High School are a shaper for the shop and a wrestling mat. Twenty new steel lockers have been added in the basement, giving us a total of forty lockers for the use of those engaged in athletics. Bins and shelves have been built in a small room in the basement for the convenient storage of athletic equipment. Convenient new shelves and cabinets have been added to the laboratory and shelves built into the study hall so that part of the school library may be conveniently placed there.

Playground slides were erected in the fall upon the Ripley Road School playground.

To encourage the reading of good books a "Recreational Reading Library" of one hundred and fifty books has been installed and is under the direction of Miss Laura Leonard. The books have been carefully chosen to supplement, in most cases, work being done in the field of social studies. Children may borrow books from this library for week end reading.

Athletics

A complete account of the athletic program for the Junior and Senior High Schools will be given by Mr. Ripley.

We consider the year 1935 as an especially successful one in this field. Our object is not to develop a single winning team, but rather to bring out a large number of pupils for participation in sports.

The track season ended with a meet in Brockton at which our boys won the championship in class B, a class consisting of the smaller schools in southeastern Massachusetts. Two of our boys set new meet records in the 100 and 220-yard dashes. I expect that interest in track in the Cohasset schools will be much increased next spring.

The football and baseball seasons are covered rather completely in Mr. Ripley's report.

In the elementary schools, aside from the regular play period, calisthenics are given during the day under the direction of the home-room teachers. Care is taken by home-room teachers and the nurse to correct posture weaknesses.

College Preparation

One phase of instruction in our schools is still judged largely by how successfully pupils are prepared for college. The records of our graduates in various colleges indicate that the Cohasset High School is meeting the requirements exceptionally well.

Nathan Parker, in the spring of 1935, won a four year scholarship to Tufts College. Value of the scholarship is $1,200, and was one of five awarded after a competitive examination open to New England students. Nearly five hundred high school students took the examination.

Miss Jean Meyer was awarded the scholarship of the Massa-

chusetts Librarians Club as a reward for excellence in studies at Simmons College. All three of our graduates at present at M. I. T. had the distinction of remaining upon the Dean's List of students of high standing. Miss Louise Bates of the class of 1935 was awarded a scholarship from the Cohasset High School scholarship fund. Miss Bates has entered Simmons College.

Of the other graduates of the class of 1935, several are attending schools in Boston.

Home Preparation

Excellence in studies depends very largely upon the pupil's interest in, and the quality of, his preparation. The school day is short and does not provide the time necessary for the adequate preparation and mastery of the work that must be covered. Pupils preparing for college can scarcely hope to meet the requirements for the examination or certification unless a considerable amoun of home study is done. Successful students average at least two hours in home study.

The fact that many students have low grades in their courses may be taken as an indication that insufficient home work is being done. I do not mean to imply that that is the only reason. There are, of course, many others. Pupils who are frequently absent cannot expect to successfully master their work unless additional time is given to making up the work of the lost days.

Conclusion

In closing I wish to thank the School Committee, the entire staff of our school system, and the pupils, for the type of cooperation that makes it a pleasure to be connected with Cohasset schools.

JAMES W. DOYLE,
Superintendent.

REPORT OF THE DIRECTOR OF ATHLETICS

Mr. James W. Doyle, Superintendent:

I submit the following report of the Athletic Department for the year 1936. The activities of this department have been expanded on. what is believed to be. a sound and permanent basis. The guiding policy has been to provide any boy who so desires an opportunity to participate in some phase of a carefully supervised and beneficial athletic program.

During the spring there were three baseball teams which played scheduled games with teams representing other schools. The High School baseball team played twelve games, winning six. losing five and tieing 1. Seventeen boys participated in this schedule. The High School second team. in addition to games with the first team, played four contests with outside teams, twelve boys participating. A Junior team of seventeen boys, coached by Mr. Jason, played seven games, winning five.

Mr. Collins organized a track team of sixteen boys which was extremely successful. especially in its first year of competition. The results of its five meets were: Hingham 31, Cohasset 29. in a dual meet; Hingham 37, Cohasset 22. NorthEaston 5, in a triangular meet; Cohasset 52, Marshfield 21, Norwell 10, Scituate 18, in a South Shore League meet; a second place in Class B in the annual South Shore Interscholastic meet at Weymouth; and first in Class B at the South Eastern Massachusetts meet at Brockton.

Mr. Collins coached a High School football squad of seventeen boys which had the most successful season in a decade. Five out of the six games scheduled were victories for Cohasset. A Junior team. coached by Mr. Jason, made a very creditable record.

playing six games. Before playing football a boy must pass a physical examination by the School Physician.

During the winter months the services of Mr. Joseph Beston were secured for one afternoon each week for instruction in boxing and wrestling.

The addition of twenty new lockers and a suitable storage room for equipment have materially aided in handling athletic activities. I desire to express appreciation for your cooperation, and for the untiring efforts and generous amounts of extra time given so willingly by Mr. Collins and Mr. Jason to assist in the execution of this program.

Respectfully submitted,

WILLIAM RIPLEY, Jr.,

Director of Athletics.

REPORT OF PRINCIPAL OF RIPLEY ROAD SCHOOL

Mr. James W. Doyle, Superintendent of Schools:

Dear Sir: In submitting my annual report, I hope that a brief outline of some of the activities at the Ripley Road School will meet with your approval.

In November the teachers gave a bridge party for the purpose of replenishing a dwindling fund which we have had for many years. We have used this fund in the past for various school projects, but this party was given with the definite plan of providing milk to all children who need it in our building. The parents and friends of the school responded generously and a milk fund of eighty-six dollars was realized. This sum added to the amount which we receive monthly from the Social Service League, is providing milk or cocoa for approximately fifty children a day. All of the underweights are receiving it and many more who seem to need something extra at noontime. This fund of ours also pays for many complete lunches which are given throughout the year to children who frequently come to school with no lunches at all. We feel that this money is indeed well spent.

For the past two years physical education has been carried on in all grades by the classroom teachers. Short periods of exercises are given at frequent intervals during the day and in addition to these setting-up exercises each class has a twenty-five to thirty-five minute period a week in the assembly hall or outdoors. Part of this weekly period is spent in formal calisthenics, during which time correct posture is emphasized. The remainder of the period is devoted to recreational activity. During the spring, grades four, five and six have their baseball teams, and intergrade

or inter-room games are played daily. Last spring we had seven very enthusiastic teams. A schedule was posted on the bulletin boards for the week's games and the interest and rivalry were keen. The line-up was given to the scorekeeper by the teams' captains on the day of their games and everyone was interested and excited. This method of handling sixty prospective "big leaguers" proved very satisfactory to everyone, as all boys had a chance to play.

Although most children love group games, there are always a few who do not enter into these games with any enthusiasm. The new slides and sandboxes which were erected last fall have been a means of great enjoyment, especially for these children. They do not just "stand around" any more. Many of our younger children still prefer the "Jungle-Jims," a series of ladders, to any form of recreation. The ones which we have may have to be replaced soon as they are several years old and in constant use during outdoor recesses.

In addition to the new playground material much new equipment was put into our class rooms. Sandtables for the first grades, several bulletin boards, splendid large ones, a new wide table for the kindergarten, and excellent work benches for our ungraded room. These work benches and new tools are a great incentive to the pupils of this room and they have been able to accomplish more and better handwork. Each boy has a drawer for his material and ample space in which to work. The efficiency in schoolwork is so closely related to classroom equipment, that these new supplies can not fail to make the instruction more effective and the pupils' progress more definite. To mention here that the pupils in the ungraded room have daily work in the regular school subjects, in addition to much hand work, will answer a question which has been frequently asked.

In April grades four, five and six were given the Metropolitan Standard Achievement Tests in English, Arithmetic, Reading and

Spelling. These tests, for measuring the pupils' progress, helped us to determine more accurately the achievement of the children and to diagnose their difficulties. The results of these tests were very satisfactory and we felt that our methods of instruction were successful. We spent some time in strengthening the weak spots which were discovered. The important point in giving tests is to discover the weak spots and then to strengthen them. This year we plan to give standardized reading tests to our first, second and third grades. These tests will help us to diagnose all reading difficulties and enable us to carry on our remedial work more systematically.

The teachers at the Ripley Road School are able and diligent and I appreciate their cooperation and efforts. I wish to thank you, also, for your helpful suggestions and assistance.

Respectfully submitted,

HELEN L. BROWN.

REPORT OF INDUSTRIAL ARTS DEPARTMENT

Mr. James W. Doyle, Superintendent of Schools:

Dear Sir:

In accordance with your request I submit to you herewith my report of the Industrial Arts Department for the year 1935.

The aim of Industrial Arts, as included in the curriculum of the public schools, is to restore tochildren opportunities for development of which modern life has all but deprived them. For centuries it was possible for boys to go into their father's shop and there find opportunities for self-expression in making things, and observe at first hand the ways of industry and economics. Girls in much the same way learned how to produce many of the necessities of home right in their own households. Quantity production in large factories has barred children from these opportunities. Today the public schools provide for the expression of the innate constructive tendencies through courses in sewing, cooking, drawing and shopwork.

To make the work in our local shops of maximum value to the boys, we use the project method. In the woodwork shop, boys choose projects in which they are personally interested, and for which they may find definite use in their homes. The same general plan is followed in the print shop. As soon as the boys master the mechanics of typesetting, printing jobs of real value are introduced. The boys of the tenth grade are working entirely on jobs not only of considerable variety but also of real commercial value.

Industrial Arts studies as distinguished from Trade School education are important to all classes of boys, and of more than

average importance to the academic type, as school shopwork may be their only chance of cultivating an appreciation of the importance of the great world of industry.

The new electric shaper recently installed makes our woodwork shop more modern. This machine will greatly facilitate the production of furniture calling for panel work and moulded surfaces.

The proposed addition to the shop building will provide room for several woodworking machines and the lumber until now left in the former shop in the basement of the Osgood School building. This improvement would be much appreciated as it would bring the whole department under one room as it should be.

Under the direction of Miss Mary Hillis elementary woodworking is carried on for a special class at the Ripley Road School. Six of the older boys of the same school are attending classes in woodwork with boys of the eighth and ninth grades.

In view of the fact that the so-called "white collar class" has been hit hardest in this depression, and that there is even now a lack of skilled mechanics in many lines, and that the demand for trained workers will increase when the heavy industries resume, older bays both in and out of school would do well to realize that all additional well advised education will be a distinct asset in the near future.

Respectfully submitted.

M. H. MEYER.

Balance on hand from 4-H Club work—$45.48.

REPORT OF TEACHER OF DOMESTIC SCIENCE

Mr. James W. Doyle, Superintendent of Schools:

Dear Sir:

The work of the Home Economics Department has been carried on in a manner similiar to that of previous years.

Since it is no longer considered a mark of distinction to be unable to use ones' hands for constructive work and the present day world needs men and women who are not afraid to work, the boys and girls of school age must be trained to do their part.

The girls are reciving some of this training in their Home Economics courses. The cooking department aims to give the girls a knowledge of the foods necessary to the body, how they are best obtained and to teach them the theory and practice of cooking and serving simple, well-prepared foods. In addition to their regular cooking each girl of the high school class prepares and serves two complete meals, one for breakfast and one for dinner.

This department also supervises the serving of the noon lunch. Most of the preparation for lunch is done by an assistant; one or two dishes are contributed by the cooking classes and some of the high school girs help with the serving at noon.

A club was formed among some of the older girls who desire to work after school or on Saturdays, doing simple sewing, light house-work or caring for children. Miss Cross, the Red Cross nurse, has given the girls many useful and helpful suggestions

along her line and one parent kindly brought her baby to the Domestic Science room and Miss Cross demonstrated for the girls the correct method of giving an infant a bath.

The sewing department teaches the making and use of the common stitches, the use of a sewing machine, the cutting and making of simple garments and the care and repair of clothing. The girls of the high school classes made many things for the Social Service League, including baby garments, underwear, nightgowns, clothing for small children and dresses for older girls.

One class devotes their time to making articles for their homes, useful and decorative, crocheted or embroidered. The list of things made includes runners, doilies, buffet sets, pillows and butterfly and patchwork quilts.

Considerable knitting has been included in this year's curriculum, mittens, socks, sweaters of various types and skirts are a few of the things which are knit.

In closing I wish to thank you and the School Committee for your cooperation.

Respectfully submitted,

HELEN C. WELCH.

REPORT OF SUPERVISOR OF MUSIC

Mr. James Doyle, Superintendent
Cohasset Public Schools:

My dear Mr. Doyle:

For the annual town report I wish to outline the extent of our music work in the Cohasset schools.

Singing

Our aim is to encourage evey child to participate in music. The first and natural approach is through singing. Singing serves as a means of teaching tone, time and other fundamentals of music. Special emphasis is placed on independent music reading, and tone quality.

Material used consists of the eight book course of the music education series published by Gin and Co.

The high school has two choral groups. A general chorus of one hundred voices and a glee club of thirty-five voices. These groups study a choral cantata and octavo music of high standard. Glee club and chorus meet one period weekly.

Instrumental

Instrumental instruction is offered pupils in class or private lessons at reasonable cost. Mr. Donald Leach teaches trumpet and drum. Mrs. LeCain teaches violin. Both instructors have been members of the music faculty for several years and continue to give loyal, dependable service. The Osgood School has a small but enthusiastic orchestra.

Music Appreciation

The only true appreciation is thorough participation. Radio or other apparatus has little or no stimulus to active participation. To enable our pupils to see and hear actual instruments two concerts were given last season by E.R.A. orchestras of forty-five players. Our local post of the American Legion sponsored an evening concert which many of our older pupils attended.

To encourage discriminating listening a music memory contest is held each year. Pupils learn to identify forty compositions of the best in music literature. In the spring an examination or contest is held. All students identifying every selection and composer are awarded a Music Memory pin.

Public Demonstrations

The following public demonstrations are given yearly: an operetta by pupils of the Ripley Road school, and a spring concert by the high school chorus and glee club. At the concert, the cantata and program music studied during the year are presented. Last season the chorus sang "Hiawatha's Wedding Feast."

Miss Baarbara Boehme, soprano, and Mr. Frederic Emmel, tenor, assisted.

Our glee club had the unusual honor of broadcasting a half hour program from Radio Station WHDH, Boston. I received several letters of favorable comment.

Scholarship

For the past two years the Cohasset post of the American Legion have given a scholarship of twenty-five lessons to a deserving student of instrumental music. Instruction is given by the teachers in our schools. Two of our high school pupils have been able to continue their studies through this generous scholarship.

Supervision

The time given to supervision and instruction is as follows: grades, once a week—all rooms; Junior High School, four periods weekly: High School Chorus, Glee Club, Orchestra, one period weekly.

Revenue Received and Expended

From Operetta		$68.00
Expended as follows:		
To instrumental teachers balance of year guarantee	$43.00	
To Ripley Road School	15.00	
To milk fund	10.00	
		$68.00
From concert by High School Chorus after all costs of programs and fees of soloists		$20.00

This balance will be used for a lecture on the opera by Mrs. Lucy Chase Simmonds of Boston who has been engaged for an appearance before our Junior High School pupils.

A Recommendation

I suggest that class instrumental instruction be offered free of charge and our instrumental teachers be paid a nominal salary for this teaching. All revenue from operettas and concerts will be used for this purpose as at present. I ask that the school department make up the balance needed to place this instruction on a no charge basis.

To our teachers, Superintendent and School Board, I express my thanks for their help and for the friendly spirit we enjoy.

Respectfully submitted,

FREDERICK A. TAYLOR,

Supervisor of Music.

January 24. 1936.

REPORT OF SUPERVISOR OF DRAWING

Mr. James W. Doyle,
Superintendent of Schools:

Dear Sir:

The annual report of the Art Department is hereby submitted for your approval. The teaching schedule has not been changed from the plan followed last year, that is, supervision of the first four grades, and the teaching of the subject in all other grades through the twelfth, with some classes in Graphics in High School. Eighty-two High School pupils elected free-hand drawing as part of their courses in September, and forty-seven are enrolled in the Graphics or Mechanical Drawing classes.

An exhibit of primary work was presented in May. An interesting health demonstration in which all the children of the Ripley Road School took part, was put on by Miss Brown and her teachers on exhibition day.

The trends in art education change as in other lines. We have had periods of application without art, and others of art without application. Painting or drawing only, with no relation to utility or to the things of everyday life, is an incomplete form of art education. It has been my endeavor to vary the field of training to suit the needs of all children, to teach art plus application so far as possible, and to establish a foundation for the continuance of an enjoyment of art. "It is given to few to create; to enjoy should be the inalienable birthright of all."

To the teachers who have helped to carry out this program, and to the members of the School Committee and to the Superintendent for their kind co-operation, I extend my sincere appreciation.

Respectfully submitted,

FLORENCE E. KRAUS,
Supervisor of Drawing.

REPORT OF SCHOOL PHYSICIAN

The year has been uneventful in contagious diseases and the general health of the pupils is very satisfactory.

In April and May 170 pupils in the Ripley Road School were given injections of Toxoid as a preventive of diphtheria. The parents in each case signed approval before administration. No serious results followed injection. The State Department of Health find the Toxoid is 80 to 90 per cent. effective. The Schick test will determine whether it has been effective, but the state authorities and also our local Board of Health recommend that the Schick test, if desired, should be arranged by the parents and given by the family physician. The Toxoid will be given in the school to new pupils whose parents desire it.

It is a satisfaction that some diseases are being abolished by preventive medicine and the progress made in the case of diphtheria is very encouraging.

With thanks for the co-operation of the Committee, Superintendent, Teachers and School Nurse.

Respectfully submitted,

OLIVER H. HOWE, M.D.,

School Physician.

REPORT OF SCHOOL NURSE

Number of pupils taken home from school during school hours for illness or accident	87
Number of children with defective hearing	3
Number of children with defective vision	19
Number of children underweight	9
Number of children below average weight	27
Number of children excluded from school for empetigo	2
Number of children excluded from school for ringworm	2
Number of children with enlarged tonsils or nasal obstruction	7
Number of children (Ripley School), receiving toxoid to protect against diphtheria	170
Number of pupils (Osgood School), Grades 7, 9, 11, given tuberculin test by County Physician	88
Number of pupils re-acting to test	23
Number of pupils X-rayed and given physical examination by County Physician	11
Active cases of tuberculosis	0
Number of pupils in dental clinic	316
Number of extractions	221
Number of fillings	554
Number of cleanings	153

Respectfully submitted,

FANNY E. JAMES,

School Nurse.
